

## **ARTICLE 7: PERMITTED USES**

### **Section 7.1. Applicability.**

No land shall be used and no structure shall be erected or used except in compliance with the provisions of this Ordinance and as set forth in the Table of Permitted Uses, or as permitted by **Article 4, Nonconforming Uses and Structures**. Nothing contained in this Article will be construed to apply to uses of land or structures used for educational or religious purposes if doing so would violate MGL Chapter 40A, Section 3.

### **Section 7.2. Principal Structure.**

In Residence A and Residence B districts, no more than one principal structure per lot shall be permitted except by special permit with site plan review as authorized by the SPGA in Section 5.2. See Section 9.9 regarding access requirements for buildings.

### **Section 7.3. Maximum Dwelling Units Per Lot.**

In Residence A districts, the maximum number of dwelling units per lot shall be two (2) units, except where conversion for up to three (3) dwelling units is authorized by special permit under Section 7.11. In Residence B districts, the maximum number of dwelling units per lot shall be three (3) units.

In Residence A and Residence B districts, where developments include a minimum of twelve and a half percent (12.5%) affordable housing units on-site, but in no case less than one (1) affordable unit, as defined by Section 2.2.4, the above standards may be waived by the SPGA through application for special permit with site plan review. In all cases, the minimum lot size, the minimum lot area per dwelling unit and other dimensional and parking requirements of Article 8 and Article 9 shall be met. No incentives for provision of additional affordable housing units as set forth under Article 13, §13.5, shall be available for those applications requiring a special permit with site plan review under this section.

*NOTE: §7.3 was amended by Ordinance 2006-07 on January 26, 2006.*

### **Section 7.4. Lots in Two Districts.**

Land in a more restrictive zoning district may supply space for a use permitted in a less restricted zoning district if the use of the land in the more restrictive district satisfies space and passive use requirements (such as setbacks, landscaping or parking) that are not prohibited in the more restrictive district.

### **Section 7.5. Lots in Two or More Municipalities.**

When a lot in single ownership is situated in part in the City of Somerville and in part in an adjacent city or town, the regulations and restrictions of this Ordinance shall be applied to that portion of such lot as lies in the City of Somerville in the same manner as if the entire lot was situated therein.

### **Section 7.6. Use of Symbols in Table of Permitted Uses.**

The symbols in the Table of Permitted Uses shall have the following meanings:

Y        YES: Permitted as of right, upon issuance of a building permit or a certificate of occupancy.

**ARTICLE 7: PERMITTED USES**

- SP** SPECIAL PERMIT: Permitted only if the SPGA makes a finding and determination, as set forth in Section 5.1., but excluding Section 5.1.5. (Design Review).
- SPD** SPECIAL PERMIT WITH DESIGN REVIEW: Permitted only if the SPGA makes a finding and determination, as set forth in Section 5.1 all inclusive.
- SPSR** SPECIAL PERMIT WITH SITE PLAN REVIEW: Permitted only if the SPGA makes the findings and determinations as set forth in Section 5.2.
- PUD** PLANNED UNIT DEVELOPMENT: Permitted only if the SPGA makes the findings and determinations as set forth in Articles 5 and 16.
- NOT PERMITTED.
- NA** NOT APPLICABLE.
- (#)** See footnotes in Section 7.12.

**Section 7.7. Uses Not Listed in Table of Permitted Uses are Prohibited.**

All uses that are not listed in the Table of Permitted Uses are prohibited.

**Section 7.8. More Than One Classification.**

Where a use, structure, development, or activity might be classified under more than one of the uses on the lines in the Table of Permitted Uses, the more specific classification shall apply; if equally specific, the more restrictive classification shall be used.

**Section 7.9. Compliance with All Standards.**

Within the Table of Permitted Uses there are permitting standards for the size (in gross square feet of floor area) of a given use, and at times there are specific operating standards also presented for a given use (e.g. whether such use is or is not conducted entirely within an enclosed building, whether there is a drive-through service, etc.). A use, building, activity or development must comply with each of those standards which may be applicable. Failure to comply with any one of the standards will be the basis for denial of a building or occupancy permit; failure to continue to comply with any one of the standards will be the basis for revocation of the certificate of occupancy.

**Section 7.10. Change in Use.**

Prior to a substantial change in use, a new certificate of occupancy shall be obtained. A substantial change in use occurs when there is a change from one principal use, shown as an enumerated or lettered line item in the Table of Permitted Uses, to another principal use separately enumerated or lettered as a line item in the Table of Uses. If there is an increase in the gross square footage or number of dwelling units of an existing use, or in its operating characteristics (such as an expansion of operations previously conducted within a fully enclosed building to operations conducted outside an enclosed building) such that the resulting use is classified in the Table of Permitted Uses as an enumerated or lettered line item

**ARTICLE 7: PERMITTED USES**

separate from the enumerated or lettered line item the existing (previous) use was classified under, then this constitutes a substantial change in use.

The use(s) resulting from the change shall be permitted under the normal requirements as shown for the enumerated or lettered line item of the Table of Permitted Uses it falls within, and for the district within which it is located. For sites located within an approved planned unit development (PUD), if the change in use results in a use allowable only within a PUD (indicated in the Table by "PUD"), such change shall require a special permit with site plan review. A change in the ownership or management of a use or establishment, without the type of changes noted above, is not considered a substantial change in use.

**Section 7.11. Table of Permitted Uses.**

**NOTE:** *The Table begins on page 7-4.*

The following Table contains a listing of all uses permitted in the City of Somerville (see Section 7.6 for an explanation of symbols). Unless specifically stated otherwise within the Table, all uses are assumed to be:

- 1) Principal uses as defined in Article 2 of this Ordinance. Accessory uses (also defined in Article 2) customarily associated with a given principal use shall be permitted by right in conjunction with such permitted principal use, unless stated otherwise in the Table (in particular, see categories 4 and 16 of the Table, which regulate certain accessory uses).
- 2) Conducted within an enclosed building, with the exception of:
  - A. Parking and loading;
  - B. Storage of equipment and materials, provided the screening requirements of Article 10 are met;
  - C. Temporary outdoor display of products and merchandise during operating hours is allowable, notwithstanding the need for license from the Board of Aldermen or any other applicable City agency.

**NOTE:** *§7.11 was amended by Ordinance 2000-8 on May 25, 2000.*

PRINCIPAL USE (unless specified otherwise)  
 14. INDUSTRIAL USES

A. LIGHT INDUSTRIAL

Light manufacturing when the processes involved are limited to assembly or finishing work of electronic products, appliances, hand tools, furniture, and the like

1. Conducted entirely within an enclosed building in a manner that all dust, fumes, gases, odors, smoke or vapors, noise or vibration are effectively confined to the enclosed building
  - a. less than 5,000 s.f. of gross floor area
  - b. 5,000 to 9,999 s.f. of gross floor area
  - c. 10,000 to 24,999 s.f. of gross floor area
  - d. 25,000 s.f. or more of gross floor area
2. Conducted, in part or in whole, outside an enclosed building, provided in compliance with Article 11
  - a. less than 10,000 s.f. of gross floor area
  - b. 10,000 s.f. or more of gross floor area

14. INDUSTRIAL USES (cont.)

B. GENERAL INDUSTRIAL

General industrial uses, including manufacturing, assembly, and processing or other industrial operation, such as, but not limited to, the following: food products manufacture, machine or woodworking shop, printing and publishing operation, or metal finishing

1. Conducted entirely within an enclosed building in a manner that all resulting cinders, dust, fumes, gases, odors, smoke or vapors, noise or vibration are effectively confined to the enclosed building and disposed of so as not to create a nuisance or hazard to safety or health; and further provided that no noise or vibration is perceptible without instruments at a distance greater than 50 feet from the lot line
  - a. less than 10,000 s.f. of gross floor area
  - b. 10,000 to 24,999 s.f. of gross floor area
  - c. 25,000 s.f. or more of gross floor area
2. Conducted, in part or in whole, outside an enclosed building in a manner that all resulting cinders, dust, fumes, gases, odors, smoke or vapors, noise or vibration are effectively confined to the premises or disposed of so as not to create a nuisance or hazard to safety or health:
  - a. less than 10,000 s.f. of gross floor area
  - b. 10,000 s.f. or more of gross floor area

†Certain qualifying uses in categories or subcategories as marked above may be included as part of a qualifying Priority Development Process as accompanying Uses if permitted under Section 6.4.10, and may be permitted as Priority Permitted Uses only if they qualify under Section 6.4.5 of this Ordinance.

‡Except phrases of an Approved PUD for which a special permit has not been issued (as defined in Section 6.4) shall be required to comply with the provisions of Section 6.4 to the extent applicable.

Sec 7.11.15.7 was added by Ord. 2001-1 on 01/25/01

**ARTICLE 7: PERMITTED USES**

**Section 7.12. Footnotes to Table of Permitted Uses.**

1. See Section 7.3.
2. Except allowed by right when in compliance with M.G.L. Chapter 40A, Section 3.
3. Special Requirements for Motor Vehicle Dismantling and Storage in IP districts:
  - a. All dismantling shall occur with an enclosed building;
  - b. Procedures for the removal, storage, and disposal of oil, gasoline, coolant, and other hazardous material must comply with all applicable local, state, and federal laws and regulations;
  - c. No dismantling of motor vehicles shall occur between the hours of 6 PM to 7 AM;
  - d. No dismantling or storage of motor vehicles for the purpose of salvage and sale of used parts shall occur within 200 feet of a district designated as RA, RB, or RC under this Ordinance;
  - e. For the dismantling and storage of motor vehicles for the purpose of salvage and the sale of used parts, the minimum lot size shall be 40,000 sq. feet.
4. Open Storage in IP Districts: Where open storage is proposed as part of a development in an IP district, a special permit shall be required. The special permit shall be granted for a period of three (3) years, subject to renewal. The scope of review shall be limited to the owner's compliance with the requirements and conditions originally imposed in accordance with this and other relevant sections. Open storage will be limited to no more than fifty (50) percent of the lot area. The Board may also impose conditions in addition to those above which it deems necessary to further the general purpose and intent of the Ordinance.
5. Materials stored in unenclosed premises to a height greater than four (4) feet above grade level must be surrounded by a substantial seven (7) foot high wall or tight fence.
6. All dust and dirt incident to storage or handling must be effectively confined to the premises. Any material stored in unenclosed premises to a height greater than four (4) feet above grade level must be surrounded by a substantial seven (7) foot high wall or tight fence.
7. All such uses must be screened by a substantial seven (7) foot high wall or tight fence.
8. Uses for educational purposes as referred to in item 5.A.2 shall include classrooms, laboratories, research centers, auditoria, study halls, libraries, dormitories, housing for students, faculty and staff, campus centers, bookstores, athletic facilities, executive and administrative offices, staff offices, maintenance and service facilities, parking facilities, vehicular ways and pedestrian walkways of a campus, open spaces and all other elements and features associated with educational institutions.
9. Conversion of existing buildings under item 2 from any use to an educational use referred to in item 5.A.2 shall be a matter of right without special permit.
10. Items 4.d. and e. shall not be applicable to activities included in or accessory to an educational use within the University District.
11. For accessory uses not listed in item 16, those accessory uses which are a normal and integral part of a permitted principal use and meet the definition for an accessory use in Article 2, shall be permitted with said principal use.
12. These use columns only apply if the use is proposed as part of a Planned Unit Development.

**ARTICLE 7: PERMITTED USES**

**NOTE:** §7.12.12 was amended by Ordinance 2000 - 8 on May 25, 2000.

13. This use must be located above the first floor in NB and CBD zones and in BA zones if greater than 9,999 S.F. The only exceptions are generators, which may be located on the ground.

**NOTE:** §7.12.13 was established and added by Ordinance 2001 - 1 on January 25, 2001.

14. No Body Art Establishment shall be located within 500 feet of another Body Art Establishment.
15. No Body Art Establishment shall be located within 500 feet of the Adult Entertainment Establishments as defined within the provisions of M.G.L. c. 40A.

**NOTE:** §7.12.14 and §7.12.15 were established and added by Ordinance 2001-13 on July 12, 2001.

16. Outdoor seating is only allowed through a permit from the Board of Alderman pursuant to Somerville Code of Ordinances §12.14, unless in the ASMD, the SPGA has issued a Special Permit with Site Plan Review that included outdoor seating.

**NOTE:** §7.12.16 was established by Ordinance 2001-07 on June 14, 2001 and amended by Ordinance 2004-04 on April 22, 2004.

17. Retail floor area greater than 9,999 gross square feet is prohibited in a Neighborhood Business (NB) zoning district. However, up to an additional 5,000 gross s.f. of dedicated, unfinished accessory storage space beyond the maximum allowable 9,999 gross s.f. of retail floor area shall be permitted by Special Permit with Site Plan Review in the Neighborhood Business (NB) District, provided that such additional dedicated, unfinished accessory storage space be located below grade or above street level, so as not to increase the building's footprint beyond 9,999 gross s.f. The maximum building area devoted to retail and accessory storage floor area in an NB zoning district shall not exceed 14,999 gross s.f.

**NOTE:** §7.12.18 was established and added by Ordinance 2002 – 06 on August 8, 2002.
